Greetings, Community Mentors,

Thanks for all of your time and effort getting the year launched with your mentee. Here are a few important announcements for the month of October.

First and foremost, a reminder about tomorrow's training (9/29 at 5:30). Peak Ed's Director of College Counseling, Jasmine Rainey, will lead an informative session for mentors over Zoom on how to use MaiaLearning to help your 11th or 12th grade mentee navigate the various search tools to identify interests, explore careers and colleges, and manage their application process. Join us via Zoom from the comfort of your own home or office, or join Anne in person at the Peak Education Office for a group viewing on our large screen TV with snacks and casual mentor conversation after. [Invite with Zoom Link Here](#)

If you miss this live session, we will record and share it on the [Community Mentors Resource Page](#) after the fact.

Second, October is just around the corner, and there are several important dates to be aware of and discussing with your mentee.

For all mentors:

- October 27: Deadline to sign up with (or without!) your mentee for Peak Ed CARE and SHARE Service Day on Saturday, November 6. This is a great opportunity to join together to **give back to our community**—November's theme. (You could even schedule a meeting with your mentee just before or just after the event at one of the nearby eateries if you have things to catch up on.) Please [RSVP here](#) and follow instructions carefully. (After October 27th, I will open up any remaining slots to the public.)

For mentors of seniors:

- October 1: FAFSA window opens
- October 19, 20 and 21 are [Free Application Days](#) for Colorado public colleges and universities (and some private options)

Contact me if you haven't yet been able to connect or set up for your first pairs meeting.

Talk about the Nov 6 Care and share date and sign up at the event link ASAP. Need to know if we will fill all spots or need to give some away to public.

Please don't hesitate to contact me if you have further questions or concerns.

Thank you!

Anne Taylor
